Attachment: Replacement Sheet

*REMARKS/ARGUMENTS*

The Office is requested to approve the accompanying Replacement Sheet. FIG. 3 is amended such that the reference number for the front cam has been changed from 110 to 108, and the reference number for the rear cam has been changed from 112 to 110.

The Office Action has restricted the application into two species: Species 1 including FIGS. 1-11 and Species 2 including FIGS. 12 and 13. Applicants elect Species 1 including FIGS. 1-11 and claims 1-27, with traverse. Applicants respectfully submit that it would not be a serious burden on the Office if restriction were not required. Furthermore, the Office Action does not set forth reasons why restriction is necessary, as required by MPEP §§ 803 and 808. Therefore, Applicants respectfully request the reconsideration and withdrawal of the restriction requirement. In addition, at least independent claim 1 is generic.

Several minor amendments to the specification have been made as shown herein.

Applicants respectfully submit that the patent application is in condition for allowance. If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

---
